

# PRODUCT INFORMATION

## Parts & Service

### SBF-P / SBF-P2 – Progressive auger

#### Advantages:

- Designed for top drilling performance
- Particularly long-lasting
- Innovative further development
- Individual application consulting
- Low-maintenance

#### Applications:

- Medium-hard to hard rock (50 – 100 MPa)
- SBF-P2 preferred for uncased deep boreholes or for large diameters

## Features

#### Gusset plate

- Lead-in chamfer for casing
- Strut
- Integrated hoisting eyebolt for lifting the tool

#### Auger flight

- Optimized raising for undisrupted extraction
- Pass-through for largest possible material size

#### Progressive cutting geometry

- Developed for the toughest applications
- Enables optimal verticality

#### Pilot

- Bauer round shank chisel pilot RP4
- Optimal centering of drilling tool

#### Bauer round shank chisel

- Top quality and material quality
- Excellent drilling progress
- Long service life

#### Wear protection

- Specifically for highly stressed points
- Easy to replace

#### Material quality

- High material standard
- Use of cast and forged parts depending on requirements

#### Kelly box

- Bauer Kelly box 200 mm square
- Optimized for the toughest applications

## Standard dimensions

Ø (mm)	Length (mm)
520	1,700, 2,250
650	1,700, 2,250
780	1,700, 2,250
900	1,700, 2,250
1060	1,700, 2,250
1,180	1,700, 2,250
1,350	1,700, 2,250
1,850	1,700, 2,250
2,000	1,700, 2,250
2,500	1,700, 2,250

Other lengths and diameters on request.
